

Announcing our new topics !!

Would your members like to learn more about local water and growth issues?

The Citizens Water Advocacy Group can provide speakers for your monthly meeting or special event. Some sample topics are:

- | | |
|------------------------------|---|
| 1. What's the background? | Water history and law in Arizona |
| 2. Can we drink it? | Arsenic, effluent, etc. |
| 3. How much is left? | How that is determined and do we really know? |
| 4. What will the effects be? | Verde River, future growth, etc. |
| 5. What can we do? | Conservation, population growth, etc. |

Or we can tailor a talk to your organization's specific needs and time available. All our speakers welcome questions, if time allows.

The mission of the Citizens Water Advocacy Group is to advocate sustainable long-term water use in the combined Upper Verde River Watershed and Prescott Active Management Area by educating the public and encouraging responsible governmental decision-making.

Please call me at 928-445-6872 to book your speaker now.

Sincerely,

Delores Manburg
